黃友嘉博士,GBS,BBS,JP Dr WONG Yau Kar, David GBS, BBS, JP 港專學院校董會主席 Chairperson, Board of Governors HKCT Institute of Higher Education

在過去的一年,一場社會風波及冠狀病毒病重挫香港經濟, 影響深遠而廣泛,不少國際知名企業更因此倒閉結業,導 致失業率創下 16 年新高。面對經濟的滅頂巨浪,不少「打 工仔」被迫轉行或轉型,離開從事熟悉多年的行業,與此 同時他們有機會重新思考自己的職業導向,有部份更藉此 機會重返校園,報讀職業技能進修課程,增值自己,期望 能好好裝備自己各方面的專業技能,待經濟重回軌道時能 一展所長。

面對突然而來的困境,我們或會感到害怕,但常言「有危 才有機」,若我們能把握機會,轉危為機,在困局中自救, 反而會找到無限的可能性。事實上,革新轉型同樣能套用 在教育制度上。港專在過去一年,即使受到社會風波和疫 情影響,各個進修課程的收生人數在逆市下都保持平穩, 正正反映了大眾對職業專才教育的需求,同時亦清晰展現 教育內涵由傳統的理論知識轉型至職業導向。作為「職業 專才教育」的先驅者,港專70多年來不斷開創職業導向的 新課程及服務,培育學生的應用能力及正確價值觀。 配合政府大力推廣「終身學習」,港專堅守「學無前後,達 者為先」的理念,為社會提供以職業專才培訓為重點的升學 出路,多年來提供各式各樣的課程,適合不同年齡、不同教 育背景人士報讀,為有意學習或進修人士一個終身學習的機 會,貫切堅持「職業專才教育」的初心。隨著資歷架構系統 的成熟及獲廣泛重視,「職業專才教育」原來被形容為教育 的次一等的觀念正在改變,世界各地的教育發展方向亦愈來 愈著重「職業專才教育」的發展。

過去一年的疫情揭露了本港不少社會問題,如醫護人手嚴 重不足,因此,我們將致力研究發展與醫護及保健(Health Care and Wellness)相關的課程,為業界培育人才。同時, 港專亦計劃發展智能科技及通訊(Smart Technology and Communications)相關課程,培育更多智能科技人才,回 應全球對科技人才趨之若騖的需求。

回顧過去一年,港專與時俱進,打破墨守成規的教學概念, 聆聽學生和社會發展的需要。展望未來,港專將繼續按社會 需要設計更多不同範疇、程度的課程,以邁向專業進修大學 的目標,逐步蛻變成「新」港專。

MESSAGE OF THE CHAIRPERSON, BOARD OF GOVERNORS OF HKCT INSTITUTE OF HIGHER EDUCATION

In the past year, social turmoil in Hong Kong and the COVID-19 have dealt a heavy blow to the city's economy. The impact has been profound and broad. Many internationally renowned companies have closed down, contributing to the highest unemployment rate in Hong Kong in 16 years. Amid the economic upheaval, many local employees have been forced to change career, quitting the industry that they have worked in for many years. Nevertheless, the change has also afforded them the opportunity to reflect on the direction of their career. Some chose to go back to school and take vocational courses to enhance their professional skills, with the hope of putting the skills to good use when the economy is back on track.

We naturally feel daunted in the face of unexpected adversity, but as the saying goes, "with crisis comes opportunity". If we can seize new opportunities arising from the epidemic and try to change things for the better, we may be able to identify unlimited possibilities ahead. Just like employees trying to reinvent themselves, education system can also be transformed in an innovative way. Despite the impact of the social turmoil and the epidemic, the numbers of students enrolled in our training courses in 2020 remained similar to previous years. This reflects the keen demand for vocational and professional education, as well as the fact that the essential nature of education has gone from being theoretical knowledge-based to occupation-driven. Leading vocational and professional education and training, HKCT has for the past 70 years been developing new occupationdriven programmes and services, inculcating in students the right values and cultivating their abilities to put their knowledge into practice.

Echoing the Hong Kong government's effort to promote lifelong education, and adhering to the adage that "in learning, there is no first or last; he who makes progresses will succeed", HKCT is committed to providing numerous education paths that focus on training professional talents. A plethora of study programmes are on offer, catering to people from different age groups and with different education backgrounds. Driven by the objective to provide quality vocational and professional education, HKCT gives people who intend to pursue further studies or learn new knowledge the opportunity to acquire lifelong education. As Hong Kong's education qualification framework continues to mature and gain widespread recognition, people's perception of the concept of vocational and professional education, which used to be regarded as playing second fiddle to mainstream education, is also changing. Today, more and more importance is being attached to the development of vocational and professional education in different parts of the world.

Over the past year or so, the COVID-19 has brought to the fore various issues in Hong Kong, including staff shortage in the medical and healthcare sector. With this in mind, we strive to create new Health Care and Wellness programmes so as to cultivate new talents for the industry. Meanwhile, we plan to develop Smart Technology and Communication programmes with a view to nurturing skilled workers for the smart technology sector and addressing the global demand for tech talents.

Looking back on the past year, we are pleased to say that HKCT has been keeping pace with the times. Breaking the traditional boundaries in education, we have been committed to addressing students' needs and demands associated with social development. In the years to come, we will continue to design a broad range of programmes at different levels as HKCT stays on the path of becoming a professional university and continues to evolve to the "new HKCT."

香港專業進修學校 校董會主席 暨校監的話

劉佩瓊博士,BBS,JP Dr LAU Pui King, BBS, JP 香港專業進修學校校董會主席暨校監 Chairperson of the Management Board and Supervisor,Hong Kong College of Technology

在社會風波及2019冠狀病毒病的陰霾下,不時聽到香港年輕人對前景的憂慮。的確,過去一年香港以至全球的經濟急速下滑,掀起結業潮,失業率亦創下歷年新高。可是,作為一個經濟學者,我明白經濟時有起跌,並受各種不同的外在環境因素影響。所以隨著新冠疫苗研發成功及廣泛接種,期望疫情會得到遏止,而我們的生活亦會逐漸重回軌道,低迷的經濟將會慢慢復蘇。

中國剛開展「十四五」國民經濟及社會發展規劃及2035年遠 景目標,其中對於香港部份提出將保持香港的長期繁榮穩定, 支持香港鞏固及提升競爭優勢,支持香港更好融入國家發展大 局。支持港澳參與、助國家全面開放和現代化經濟體系建設, 打造共建「一帶一路」功能平台,深化內地與香港經貿、科創 的合作關係,並擴大內地與香港金融市場互聯互通。高品質建 設粵港澳大灣區,深化粵港澳合作、泛珠三角區域合作。加強 內地與香港各領域交流合作,完善便利香港居民在內地發展和 生活居住的政策措施,加強憲法和基本法教育、國情教育,增 強香港同胞國家意識和愛國精神,支持香港同各國各地區開展 交流合作「希望大家不要錯失機會」。

面對社會風波和疫情,我們或會覺得是前所未有的困局,但 若能將困難「轉移」為機會,我們實在是提升了自己的抗壓 力;事實上,唯有能同時與順逆境共存的人才能成功。我常 常鼓勵年輕人把眼光放遠一點,不應只著眼於當下的局勢, 反而應主動出擊,認識世界發展的整體和大局,才能走得更 遠更高。

政府近年積極鼓勵年輕人認識粵港澳大灣區的發展和機遇, 鑒於香港的經濟的處境,青年人的失業率可能會維持雙位數 一段時間。在今年政府的《施政報告》中提出政府與企業 合作,為香港青年在大灣區提供工作機會。為鼓勵和支持 青年人到大灣區內地城市工作和發展事業,特區政府將推 出「大灣區青年就業計劃」,鼓勵在香港及大灣區有業務 的企業,聘請及派駐青年畢業生到大灣區內地城市工作, 名額2,000個。

近年愈來愈多年輕人喜歡北上工作及旅遊,反映了兩地經 濟及社會文化的融合,雖然仍有很多年青人對內地不瞭 解,只是學有先後而已。內地發展一日千里,機遇處處, 不少新科技、市場、經濟發展都成為區域性、甚至國際性 的。例如跨境網購,已經非常普及。若果年輕人闖進更廣 闊的新天地,將會探索到職業及產業新的發展領域及模 式,北上發展將會為年輕人提供大好機會。

不過,我明白貿然要年輕人隻身到大灣區發展是有點困難,所以社會上也有不少機構推出各種計劃,為年輕人提供認識大灣區的平台。而港專早於2019年已與太平洋咖啡合辦「『沖』出夢想-太平洋咖啡 x 港專@大灣區創業培訓計劃」,為有意到大灣區發展的年輕人提供培訓和資金,協助他們到大灣區創業。可惜,計劃受疫情影響一再延後,幸而港專團隊沒有放棄,默默努力,終在2020年6月成功公開招募了接近800位有意在大灣區內創業的年輕參加者,並從中挑選出30位入圍者,給予創業相關知識培訓及實習。

改變從來都不容易,但在現時瞬息萬變的時代,唯有轉變 才能帶來機會和希望。我期望港專的學生都有勇氣掌握新 機遇,開拓自己的事業。

MESSAGE of the Chairperson, Management Board and Supervisor of Hong Kong College of Technology

As a result of social turmoil and the COVID-19, many young people in Hong Kong are worrying about their future. In truth, over the past year the Hong Kong and global economies have slowed down rapidly, setting off a wave of business closures and pushing unemployment to a record high in years. Nevertheless, as a scholar in economics, I am aware there are bound to be economic ups and downs, and different external factors play their roles in shaping economic development. With the successful development of the COVID-19 vaccines and the rolling out of vaccination programmes, the pandemic will hopefully come to an end soon, our lives be back on track, and the economy will recover gradually.

China has just launched the 14th Five-Year Plan for National Economic and Social Development and and the Long-Range Objectives Through the Year 2035. The content related to Hong Kong mentions the country's efforts to maintain the city's long-term prosperity and stability, solidify and enhance Hong Kong's competitive strengths, and support its integration into the overall development of the country. The Plan also shows support for Hong Kong's and Macau's involvement in the country's opening up and modern economic development. The country will help the two cities establish a "One Belt, One Road" platform while deepening the economic and trade relations between Hong Kong and the mainland and their cooperation on the technological front. It will also strengthen mainland-Hong Kong financial connectivity, build a high-quality Guangdong-Hong Kong-Macau Greater Bay Area, deepen cooperation between Guangdong, Hong Kong and Macau as well as cooperation in the pan-Pearl River Delta region. The plan also talks about strengthening mainland-Hong Kong exchange and collaboration in different realms, optimise all policies and measures that support Hong Kong residents living in the mainland, strengthening education on the Constitution and the Basic Law and national development, enhancing national awareness and patriotism among people in Hong Kong and Macau, and supporting Hong Kong's exchange and collaboration with different countries and region.

The social turmoil and the epidemic have posed what feels like unprecedented challenges for us. However, we can try to turn the difficulties into opportunities and strengthen our mettle in the process. Indeed, only people who can cope with both easy and difficult times can succeed. I often encourage young people to look farther rather than and not to focus only on the current situation. I tell them to take the initiative to learn about the overall development of the world and to see the big picture. That is the only way to go further and higher.

In recent years, the government has been encouraging young people to learn about the development and opportunities in

the Greater Bay Area. In light of the economic situation in Hong Kong, the youth unemployment rate may remain a double-digit figure for quite some time. The Policy Address 2020 proposed the government to collaborate with private companies so as to create job opportunities for young Hongkongers in the Greater Bay Area. To encourage and support young people to work and build a career in the Greater Bay Area, the SAR Government will also launch the Greater Bay Area Youth Employment Scheme. The programme is designed to incentivise companies with operations in Hong Kong and the Greater Bay Area to hire young graduates and relocate them to cities in the Greater Bay Area. The scheme covers 2,000 job opportunities in total.

Meanwhile, more and more young people like the idea of working and travelling to the mainland in recent years. This reflects the growing economic, social and cultural integration between Hong Kong and mainland China. To be sure, many young Hongkongers do not understand the mainland enough, but everything takes time. Mainland China is currently developing rapidly and opportunities are everywhere. In terms of technology, the financial market and the economy as a whole, growth is on a regional and even international level. Cross-border online shopping, for example, is now all the rage. If young people in Hong Kong allow themselves to dabble in new fields, they will get to explore new sectors and business models for their own careers. In sum, going northward will be a rewarding experience for them.

Nonetheless, I am aware of the challenges for young people to start from scratch in the Greater Bay Area. As a start, there are a variety of programmes launched by different organisations for them to get to know the Greater Bay Area. In 2019, HKCT joined forces with Pacific Coffee to run the "Beyond Dreams – First Entrepreneurial Training Programme of Pacific Coffee x HKCT @ the Greater Bay Area". The programme offers training and funds to young people aspiring to build a career in the Greater Bay Area. It is designed to help them start their own business there. Unfortunately, it has been postponed several times due to the epidemic. Yet the HKCT team did not give up and continued to work on the programme. In June 2020, nearly 800 young people were recruited with success, and 30 of them were shortlisted to be given entrepreneurial training and internship opportunities.

It is never easy to make changes, but in the ever-changing world today, it is only through changes that we can find new opportunities and hope. I hope all HKCT students will have the courage to grasp new opportunities and build a brilliant career for themselves.

校長的話

陳卓禧博士 Dr CHAN Cheuk Hay 港專學院及香港專業進修學校校長 President & Principal, HKCT Institute of Higher Education Hong Kong College of Technology

2019至2020年是艱難且不平凡的一年,受2019年的反修例 動亂影響,社會變得撕裂,校園也淪為政治角力的戰場, 社會至今仍滿佈陰霾,充斥著不少憤怒和仇恨。另一方 面,冠狀病毒病席捲全球,為全球經濟帶來重挫,令原本 已停滯不前的香港經濟雪上加霜,不少行業步入前所未見 的寒冬期。

今年我們的年報以「遇強越強●轉移範式」為主題,面對 過去一年各種困境的衝擊,港專作出了不少嶄新的轉變, 例如在應對社會動亂時,制訂了走在大專院校之頭的早十 晚四上班上課模式、全學期轉用網上授課等,這些轉變都 是打破傳統,打破舊思維,然後找到新突破,這正正是 「轉移範式」的顯現;而我們的同事和同學都在這些突如 其來的轉變和磨練中成長了,學習到真正的範式轉移,做 到「遇強越強」。

事實證明,港專在過去一年成長了。原本面對眼前無數的 未知數,我們的教職員和學生都變得十分被動,何時停 課,復課後的安排等,都要等待教育局和相關部門的宣 佈。不過,作為一所專上教育機構的校長,我認為不能無 了期的等待,反而應因時制宜,在被動中採取主動。有見 及此,我們在教育局宣布停課後,摒棄每一至兩個星期按 教育局指示宣布課堂安排,反而毅然決定將整個學期的面授 課堂也轉為網上課堂,為的就是穩定同學和同事的不安心 理,免卻他們每日都擔心「何時復課?何時又會再停課?」 等不穩定因素,為最壞的情況提前做好準備,讓同事安心計 劃,讓同學專心學習,即使整個城市停擺,港專也能正常運 作,在被動中爭取我們可以掌握的主動權。

成長的磨鍊彌足珍貴。除了我們的同事和同學上了寶貴的一 課,港專的管理層更加毫不怠慢,特別增設頂層管理人員分 工,分頭應對「學術與政策」、「學生支援」及「業務與財 務」三方面的狀況及問題,適時作出恰當而果斷的決定及指 引,讓同事們能跟從和執行,成功令所有課程得以順利完 成,各項抗疫措施亦能精準和及時地實行,而學校在營運、 行政、管理等方面也做到恰如其份,未有受疫情重大影響。

我在此由衷感謝港專全體教職員過去一年在面對逆境作出的 努力和付出,很高興能見證著大家也「變強」了。有了今次 的「前車」,我相信港專在未來的日子即使面對更艱巨的挑 戰,我們也有信心克服,只要大家上下一心,堅守崗位,不 忘當初辦教育的初心,必能迎難而上,為社會培育更多楝 樑,潤澤民生。

President's Message

The years 2019 and 2020 were tough and exceptional. The social turmoil related to the proposed extradition bill in 2019 divided society and turned school campuses into political battlegrounds. To date, Hong Kong remains a society plagued by anger and hatred. In 2020, the COVID-19 swept across the world. The global economy took a battering and Hong Kong's already stagnant economy was also dealt a heavy blow. As a result, many industries are facing unprecedented difficulties.

The theme of our annual report this year is "Paradigm shift; forward and upward". In the face of the many difficulties over the past year, HKCT has made plenty of changes. For example, in response to social unrest, we became the first tertiary educational institution in Hong Kong to introduce new class hours running from 10am to 4pm. We also switched to online teaching for a whole semester. These were unconventional measures that amounted to new breakthroughs. Such is an expression of paradigm shift. Amid the unexpected changes, our colleagues and students have grown, grasped the real meaning of paradigm shift, and managed to move forward and upward.

Indeed, HKCT has grown a lot in the past year. The many uncertainties before us have placed our teaching staff and students in a passive position. When classes had to be suspended and when they could resume depended on the decisions of the Education Bureau and related authorities. Nonetheless, as the head of a tertiary educational institution, I was aware that classes could not be suspended indefinitely. Rather, we ought to formulate the right policies at the right time and move from a passive to an active position. With determination, we switched all face-to-face classes to the online mode, with a view to giving all our students and colleagues peace of mind without having them worry when classes would be suspended or resume. Such was our way of preparing for the worst. With the change, our colleagues were able to make plans accordingly and students could focus on their studies. Even if all activities in the city ground to a halt, HKCT could still operate as usual.

The experience of growing has been precious. While our colleagues and students had learned a great deal, HKCT's management never sat on our laurels. Members of the top management practised division of labour to respectively deal with three different areas, namely academic affairs and policies, student support and colleague operations and finance. We were assertive and timely in coming up with the right decisions and instructions for our colleagues to follow and execute. As a result, all academic programmes were run without a hitch and various anti-epidemic measures were implemented accurately and timely. Regarding HKCT's operations, administrative affairs and management, things were also in good order and were not affected much by the epidemic.

I would like to take this opportunity to express my sincere gratitude to all HKCT teaching staff members for their hard work and dedication amid the tough times. I am delighted to see that everyone has emerged stronger. Having experienced what we did in the past year, I believe that even if HKCT has to face greater challenges in the near future, we will all be able to cope. So long as we stay united, live up to our responsibilities and remember the original mission of HKCT, we will be able to weather through more difficult times and nurture more talents for Hong Kong in a way that can benefit the whole society.

Department of Education

Established on 1 January 2018, the Department of Education (DED) runs two kinds of programmes: sports management, fitness and coaching and early childhood education. They are designed to train highly skilled professionals with an international outlook and a sense of commitment.

幼兒教育 Early Childhood Education

網上教學新體驗

過去一年,受到疫情影響,課程首次以網上教學模式進行, 老師與學生一同學習如何使用 Blackboard 網上教學系統進 行課堂,老師更會主動分享如何有效地利用網上教學系統設 計及進行課堂。在未能面授的時候,老師亦會主動與學員以 不同的資訊科技溝通,照顧學員各方面的需要。本學系的網 上教學提升了老師與學生的資訊科技知識,同時維持學習進 度,效果理想;當中兼讀制的學員尤其歡迎網上教學模式, 大大節省了他們的交通時間。

New Online Teaching Experience

Because of COVID-19, all classes switched to online over the past year, teachers and students learned how to use the online learning system Blackboard. Our teachers also shared with each other tips on how to use online systems to design and implement school curricula. Although faceto-face classes were impossible, the teachers made sure to communicate with their students with the help of information technology. On the whole, our online teaching model has equipped our students and teachers with new IT knowledge and skills while maintaining students' study progress. In particular, our part-time students relished the new learning mode as it has significantly saved their travel time.

實習新常態

雖然幼稚園的面授課堂因疫情影響大幅減少,但幼兒教育課 程的學員也順利進行了6星期的實習,其中3個星期與幼 兒面授教學,餘下的3星期則學習如何製作影片,以及以 網上實時模式與幼兒見面互動,進行教學。縱然學員未能如 常進行6星期的面授教學實習訓練,但他們卻學習了如何 與幼兒進行網課,了解學習新常態。

New Normal for Internship

舉辦學術研討會

教育學系邀請了實習合作夥伴之一,曾獲「行政長官卓越教 學獎」的佳寶幼稚園於港專賽馬會本科校園舉辦「如何識別 及幫助有特別需要的兒童」的融合教育專題研討會,向學生 和教師們分享其幼兒融合教育的實踐經驗。研討會中,幼稚 園的課程主任亦分享了協助有特別需要兒童的經驗,特別是 為有語言障礙幼兒的不同教學方法,使同學們獲益良多。

Although many face-to-face classes at kindergartens in Hong Kong have been suspended amid the epidemic, students on the Early Childhood Education course were able to complete their 6-week internship programme while half of them involved face-to-face teaching. During the remaining 3 weeks, the students learned how to produce videos and they also taught and interacted with their pupils online. Although the students were unable to undertake a face-to-face teaching internship as usual, they picked up new skills in teaching young children online, which is a new normal of learning.

Academic Symposiums

During the year, DED invited Guideposts Kindergarten, one of its internship programme partners and a recipient of the honour of the Chief Executive's Award for Teaching Excellence, to take part in the symposium on integrated education held at the HKCT Jockey Club Undergraduate Campus. At the event, entitled "How to Identify and Help Children with Special Needs", representatives of Guideposts Kindergarten shared with our students and teachers practical experience related to early childhood integrated education. The programme leader of the kindergarten also talked about helping children with special needs, especially the teaching methods targeting pupils with speech and language impairment. HKCT students learned a lot from the symposium.

入職模擬面試及職前準備工作坊

為了協助學員做好求職準備,學部舉辦了不同的活動,但因 受到疫情影響,所有工作坊及活動都未能以面對面形式進 行。學部隨即作出彈性安排,舉辦網上工作坊,同時亦提供 面對面的入職模擬面試,讓同學在不同的方法下都能裝備自 己,投身職場。

Mock Interviews and Career Workshops

To help students with job-hunting, DED had planned a variety of activities. Nevertheless, workshops and various programmes could not be held face to face due to the epidemic, DED ran the workshops online and organised mock interviews so that students could still equip themselves in preparation for their future career.

儘管因為疫情影響而要暫停實體面授課堂,教學團隊亦排除 萬難作出應變。學系為老師安排網上學習培訓,包括聯同資 訊科技部籌辦工作坊、教學團隊亦與學生一同學習如何使用 不同的電子教學平台、網上工具等,有效地建立密切聯繫, 增加課堂的趣味性及互動性,讓學生享受網上學習的新體 驗。最終,所有體適能、教練及運動管理的課堂及評核都改 為網上模式,並順利完成,老師和學生都汲取了寶貴的經 驗。

Switch to Online Mode

Although the face-to-face classes were suspended because of COVID-19, our teaching team has managed to overcome various difficulties and make new arrangement accordingly. For example, we provided online training to teachers. Joining hands with the Department of Information Technology, we ran a series of workshops. Meanwhile, our teaching team and students learned how to use different e-learning platforms and online tools. In the process, their bonds were strengthened, classes were made more interesting and interactive, and students enjoyed the online learning mode. Eventually, all Fitness, Coaching and Sports Management classes and evaluation went online, and everyone learned something valuable in the process.

疫情下的工作實習機會

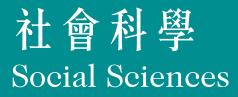

暑假期間,「體適能、教練及運動管理高級文憑」及「運動管理及訓練(榮譽)社會科學學士」課程的所有同學均 獲安排到體育機構進行與運動教練或管理相關的實習工作。 可是,各實習機構的辦公時間及模式受疫情影響而變得不確 定,學部盡力協助老師、學生及實習機構在新形態下探索合 適的方法。經過各方面的努力和協調,所有同學都順利完成 實習,獲得寶貴的業界實務經驗。

Academic Accreditation and Professional Certification

HKCT's Higher Diploma in Fitness, Coaching and Sports Management and the Diploma in Fitness and Sports programmes passed the review by the Hong Kong Council for Accreditation of Academic and Vocational Qualifications respectively in mid and the end of 2020. The two courses will be run by HKCT Institute of Higher Education in the academic year of 2021-22, as part of HKCT's plan to establish a one-stop education path anchored around the Bachelor of Social Sciences (Hons) in Sports Management with Coaching. DED will strive to provide more options for senior secondary school graduates and to nurture more professionals for the field of sports in Hong Kong. To help graduates acquire professional recognition and strengthen their competitiveness, DED helps graduates of the Higher Diploma in Fitness, Coaching and Sports Management course to acquire exemption from taking the Foundation Certificate in Sports Coaching Theory course run by the Hong Kong Coaching Committee, and the Physical Fitness Foundation Certification course run by the Physical Fitness Association of Hong Kong, China.

Internship Amid the Epidemic

During the summer vacation, all students on the Higher Diploma in Fitness, Coaching and Sports Management and the Bachelor of Social Sciences (Hons) in Sports Management with Coaching programmes joined a sports coaching or management internship programme and were placed in a sports organisation. However, the working hours and mode of operation at these sports institutions became unpredictable because of the epidemic. DED tried its best to help teachers, students and the related institutions to explore the best arrangement amid the new situation. With the concerted efforts of all sides, all students completed their internship without a hitch and gained valuable practical experience in the field.

Academic and Professional Activities

During the year, the Department of Applied Social Sciences (DSS) ran the 4-year Bachelor of Social Sciences (Hons) in Social Work programme for the first cohort of students. The Year-3 entry of the Bachelor of Social Sciences (Hons) in Social Work programme will be launched in September 2021. Students enrolled in the course come from different backgrounds, including Hong Kong Diploma of Secondary Education Examination graduates, associate degree holders specialising in various subjects, higher diploma holders (including those specialising in Social Work) and bachelor's degree holders.

The programme operation is grounded on 5 beliefs, namely "humanistic beliefs", "thoughtful reasoning", "teachers and students in partnership", "an effort of one step further", and "metamorphosis and growth". They serve as a direction and goal for teachers and students to follow. Over the past year, teachers and students of the Social Work programme have demonstrated the 5 characteristics of the operation of the programme. DSS will continue to promote the programmes to the social work sector and society as a whole, and let them have more understand about our graduates.

面授網課、相得益彰

隨著資訊科技的發展,網上教學平台愈趨普及,網上學習與 傳統的面授課堂可以互補長短,强化教與學的效果。在過去 一年,受疫情的影響,本學系以師生的安全為優先考慮,同 時以面授和網上課堂形式進行教學。為達至最佳教學效果, 老師與學生均進行了如何以網上平台進行教學的培訓,再配 合資訊科技部同事的支援,令網上教學順利展開和進行。

師生共同努力的成果超乎預期,根據學生在第二學期期終對 各學科教學的意見評估,大部份老師都獲得不錯的評價,以 5分為最高分數,老師平均獲得超過4分。有學生更認為網 上教學可重溫錄影,又能減少舟車勞頓,讓他們能更善用時 間。

Online and Face-to-Face Classes Complement Each Other

With the continuous development of information technology, online teaching is growing in popularity. Online teaching and traditional face-to-face classes can complement each other while reinforcing the effectiveness of teaching and learning. Throughout the epidemic in the past year, DSS gave top priority to the safety of students and teachers. Both online and face-to-face classes were held. Both students and teachers undertook online class training, and they had the support of the Department of Information Technology. The training helped optimise the effectiveness of teaching, enabling online teaching to be carried out smoothly.

The result of the collective efforts of teachers and students exceeded expectations. Most teachers received positive comments from students during the end-of-term evaluation, scoring an average mark of more than 4 out of 5. Some students noted that online classes allow them to re-watch the classes, save them transportation time and enable them to make better use of time.

社會科學 Social Sciences

課外學習

為强化學生的英語水平,所有一年級同學在入學時都需要參加由學系安排的英語水平測試,讓他們能了解自己的英語程度,設定提升英語能力的學習計劃。不少學生按照測試結果,主動參與了學院語言中心的課外英語課程,個別同學更 參加校外機構的英語課程,提高自己的英語能力。

此外,教學團隊也為學生籌辦課程以外的學習,例如透過 與學生一起閱讀用於約翰霍普金斯大學通識教育的書籍 「Choosing Civility: the Twenty-Five Rules of Considerate Conduct」(中文書名為「生命就當這樣美好」)進行課外 學習,帶領分享和討論閱讀心得。另外,我們亦於 2019 年 12 月邀請大學學者舉辦名為「社會工作作為一種價值實踐」 的講座,與學生一同反思社會工作價值觀及如何運用這些價 值觀進行工作實踐。

實習增廣見聞

社會福利署在 2020 年暑假推出了「專上學生暑期實習計 劃」,向學生提供實習機會,獲聘的學生可獲一萬多元的津 貼。為了讓學生能藉此機會擴濶視野和汲取工作經驗,老師 積極為學生準備甄選面試,提升他們被錄取的機會。經過一 輪的努力,本學系最終有7位同學成功獲選到社會福利署 實習,了解部門運作,體驗其工作文化和服務,過了一個充 實的暑假。

Extra-Curricular Learning

To help students strengthen their English proficiency, all first-year students are required to take the department's English proficiency test before they start their courses. They can have an idea of their English level in this way and join an English course accordingly to improve their proficiency. Based on their test results, many students have joined the extracurricular English course provided by the Language Centre. Some others have even chosen to take English language courses outside HKCT.

DSS's teaching team also runs extra-curricular study initiatives for students, including a reading session whereby teachers and students read together "Choosing Civility: the Twenty-Five Rules of Considerate Conduct", a General Education textbook used by Johns Hopkins University, and also shared their feedback. In December 2019, we invited University scholars to host a lecture entitled "Social Work as a Value Practice", during which students and teachers reflected on the values of social work and how to put them into practice at work.

Internship Broadens Students' Knowledge

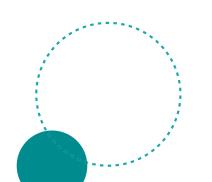

In the summer of 2020, the Social Welfare Department launched the Post-Secondary Student Summer Internship Programme. Students accepted by the programme received a subsidy of more than \$10,000. Our teachers helped student applicants prepare for their interviews, hoping that they would be selected and able to join the programme to broaden their horizons and enrich themselves through the internship. 7 students were accepted by the internship programme eventually. Working at the Social Welfare Department, they got to understand how the government department operates, learn about its services and experience its work culture. It was a rewarding summer for all of them.

學術和專業活動

為應對人口老齡化和家庭結構變化帶來的挑戰,不同國家均 嘗試用跨代方法(Intergenerational Approach, IGA)處理社 會問題。人文與社會科學學部聯同香港路德會社會服務處 「腦玩童俱樂部」及香港理工大學,於2019年3至9月進 行了一項有關跨代玩具計劃的成效研究,發現跨代方法有效 提升老年人的幸福感、人際關係、成就感和認同感,並於同 年12月9日舉行「跨代玩具計劃研究發布」。

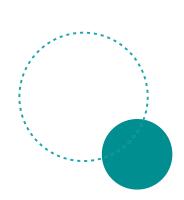

Academic and Professional Activities

In order to cope with the challenges posed by the problems related to ageing population and changing family structure, many countries have adopted the Intergenerational Approach (IGA) to deal with social problems. From March to September 2019, the Division of Humanities and Social Sciences (DHSS), together with the Toy Library for the Elderly of the Hong Kong Lutheran Social Service and the Hong Kong Polytechnic University, conducted a quasi-experimental research to examine the effectiveness of cross-generational IG toy programmes. It was found that such programme can significantly improve elderly people's well-being, interpersonal relationships, sense of achievement and identity. A press conference on the study was held on 9 December 2019.

鑑於遊戲被認為是增強人際交往和溝通的有效工具,「實驗 組」邀請了 39 位青年人與 29 位長者以「銀青玩具俱樂部」 形式一同相處,發現跨代活動較「對照組」及「控制組」(其 他單一年齡組群的活動設計/互相模式)更有效提升長者的 幸福感、人際關係、成就感和認同感,及改變年輕人對香港 老年人的刻板印象;研究同時證實,玩具是增強人際交往和 溝通的有效工具,並適用於跨代活動設計。

本學部致力推廣及探討跨代活動的設計模式與成效,以應對 社會人口老年齡化現象。我們未來將會繼續籌辦跨代活動, 推動創新的服務與介入模式。 As games are deemed an effective tool to strengthen interpersonal communications, 39 young adults and 29 elderly persons joined the Experimental Group of the study and interacted with each other. It was found that the elderly people in the Experimental Group had better interpersonal relations, a stronger sense of well-being, achievement and recognition than those in the Comparison Group and Control Group, which involved only elderly people or young adult. The study has changed the young's impression of elderly people who are often deemed inactive. It also provides strong evidence supporting the view that toys are an effective tool for enhancing interpersonal relationships and communication and are suitable for intergenerational activities.

To help tackle the issue of ageing society, DHSS is committed to promoting new intervention models and exploring their effectiveness. We will continue to organise intergenerational activities and promote innovative services and intervention models.

個人成長之旅

本學部重視同學的心理及個人成長需要,除一般面授課堂外, 我們更為所有社會工作高級文憑(全日制及兼讀制)學生舉 辦三日兩夜(2019年10月11至13日及2019年11月19 至21日)的個人成長之旅,讓同學在輕鬆愉快的環境及氛 圍下學習。同學可藉此暫時放下不同身份、角色和責任,在 大自然的環抱下聆聽自己的聲音,放下擔子重新出發。隨著 三日兩夜的相處,同學之間的關係更見緊密,師生關係亦變 得鞏固融洽。儘管2020年受疫情所限,同學們見面的機會 減少,但願美好的小片段能常存心中,為師生默默打氣。

Journey for Personal Growth

DHSS attaches great importance to students' psychological well-being and their needs for personal growth. On top of offering traditional face-to-face teaching, we organised a personal growth journey for all Higher Diploma in Social Work (full-time and part-time) students. In the 3 day camp (held on 11 to 13 October 2019, and 19 to 21 November 2019), students were placed in a relaxing and pleasant learning environment, with an opportunity to put aside their routines, normal roles and responsibilities. Surrounded by nature, they were able to listen to their own voices and refresh their mind. The camp also promoted bonding between teachers and students. Although students saw each other less because of the epidemic, we hope all students and teachers remember those brief but beautiful, uplifting moments.

疫情下師生堅守崗位

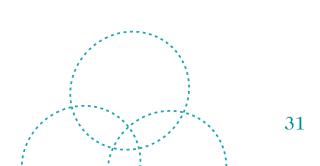

本學部在疫情下排除萬難,無懼險阻,所有社會工作高級文 憑課程的同學如期完成合共720小時的社福機構單位實習。 在疫情期間,各服務單位的辦公時間及模式也不斷更新, 本學部的實習統籌老師、實習督導老師及同學在新形態下 努力摸索合適的方法,透過日以繼夜的溝通、嘗試、創新, 協調服務單位、校方及學生三方的訊息,並持續為服務使用 者提供及時適切的服務和活動。

一眾實習督導老師和學生於2020年6月7日舉行實習前簡 介暨誓師大會,師生互相打氣,上下團結一心,乘風破浪。 過去以為平常不過的見面,在當日彌足珍貴,師生更學懂珍 惜每次聚首及互動的時刻。

Embrace our Mission in Epidemic

Amid the epidemic, DHSS managed to overcome all manner of difficulties, challenges and uncertainties. All students on the Higher Diploma in Social Work programme completed all 720 fieldwork placement hours at different NGOs. In response to COVID-19, the office hours and service delivery models of various service units changed frequently. Our field fieldwork coordinators, fieldwork supervisors, and Social Work students worked hard to explore new and creative forms to deliver services. There was constant communication; innovative measures were tried out; and messages from service units, the institution and students were coordinated, so that timely, quality and professional services could be made available to potential service users.

On 7 June 2020, a group of fieldwork supervisors and Social Work students attended a pre-placement briefing workshopcum-ceremony. The event brought together students and teachers, strengthening their unity as they encouraged each other in the difficult times. Meetings of this kind, normally taken for granted, became a precious occasion, making everyone cherish every moment together.

Programmes

In the academic year 2019-20, the Division of Design, Technology and Business (DDTB) launched a number of Higher Diploma and Diploma programmes, giving students a broader range of study and career options. The programmes cover different disciplines, namely Social Media and Digital Marketing, Accounting, Computer Studies (Mobile Applications and Game Development), Creative Design and Media, and Interior Design. Popular elements, such as virtual reality, virtual reality (VR), video games, social media, the latest interior designs and technologies, are incorporated in the courses.

Student Achievements

Over the past year, the number of HKCT students participating in open competitions has dropped notably due to the epidemic. Nevertheless, many participants managed to achieve outstanding, encouraging results. For example, YAM Ho Man, LAI Ho Yan, TAM Cheuk Fai and CHU Siu Ming, Year 1 students from the Higher Diploma in Computer Studies (Mobile Applications and Game Development) programme, took part in the "Personal Finance Ambassador Programme 2019/20", co-organised by HKEX Foundation, the Investor and Financial Education Council, and St. James' Settlement. The team spent more than two months to create a mobile and computer game. They also developed a meaningful financial education programme about electronic payment, with the aim of strengthening students' knowledge in wealth management.

The team managed to enter the final round of the competition, beating many other college teams. At the Award Ceremoney held on 18 January 2020, the team won "The Excellent Financial Educator Project Silver Award".

學生成就

受著疫情影響,雖然他們在過去一年參與公開比賽的次數大 幅減少,但他們仍能在公開比賽取得優異成績,尤其鼓舞。 電腦學高級文憑(流動應用程式及遊戲開發)一年級學生任 灝文、黎浩恩、譚卓輝及朱紹銘參加了由香港交易所、投委 會及聖雅各福群會合辦的「個人理財大使計劃 2019/20」, 其團隊「理財遊你起」花了兩個多月製作「e 招理財」手機 及電腦遊戲,並成功開發富有意義的金融教育項目「電子支 付教學手機遊戲」,提升及教導同學的理財概念。

港專隊伍在眾多大專隊伍中脱穎而出,進入最後6強,並於 2020年1月18日的頒獎典禮上獲得「優秀理財教育計劃銀 獎」。

多元化服務學習及實習機會

本學部資訊科技的學生獲香港科技園公司邀請,參加由摩根 大通及香港科技園合辦的「NxTEC 3.0 培育計劃」講座。通 過講座,學生對香港科技園公司的使命,資訊科技行業的發 展有了更深入的了解。而電腦學高級文憑(流動應用程式及 遊戲開發)學生陳炫盛、陳明杰、馮煥嵐、任灝文及蔡俊傑 更在暑期完成了該項實習計劃。 此外,所有修讀設計及媒體制作課程的學生積極參與學校的 服務學習活動,如3D立體打印、向大師學習攝影工作坊等, 鼓勵同學多參與專業技巧的體驗活動。活動吸引了不同學部 的同學參加,提高學習動機。

本學部亦再次邀請著名社區藝術家姚俊傑先生到校,向學生 分享創作社區藝術技巧,同學藉此走進社區,舉辦壁畫活 動,除了將姚老師所教授的藝術技巧與馬鞍山社區人士和學

Putting Theory into Practice

At the invitation of the Hong Kong Science and Technology Park Corporation, our IT students took part in a talk under the "NxTEC 3.0 Internship Scheme" co-hosted by JP Morgan and the Hong Kong Science Park. Through the event, students got a better understanding of the mission of the Hong Kong Science and Technology Park Corporation and the development of IT sector. Separately, CHAN Yuen Shing, CHEN Ming Jie, FUNG Wun Laam, YAM Ho Man and CHOI Chun Kit, students from the Higher Diploma in Computer Studies (Mobile Applications and Game Development) programme, completed the internship programme in the summer.

During the year, all Design and Media students actively took part in the service learning activities, including workshops on 3D printing and photography organised by DDTB. These activities, designed to motivate students to improve their skillsets through real practice, attracted many participants from different departments and incentivised them to study.

In the meanwhile, DDTB invited celebrated local artist Joe YIU Chun Kit to share with our students his tips on creating community art. Afterwards, students held a mural drawing event in Ma On Shan, sharing what they learned from the artist

獲批資助 建立網上英語學習平台

電子學習已成為近年的學習新常態。為了結合日常課堂和活動,提升學生網上學習的成效,本校向教育局申請「質素提升支援計劃」(QESS)資助,並於2020年6月獲批約 180萬港元撥款,以建立既富娛樂又互動教學的網上英語學 習平台。平台旨在以不同的互動遊戲和練習來提升學生學 習英文的興趣,豐富他們的學習體驗。學生可隨時隨地利 用電腦、手機或平板電腦學習英語,自由選擇適合自己的 學習進度,不再受傳統課室的空間限制。

EDB-Funded Online English Learning Platform

E-learning has become one of the essential teaching models in recent years. In order to combine classroom teaching with extracurricular activities and optimise the effectiveness of online learning, HKCT recently applied for funds with the Quality Enhancement Support Scheme (QESS) under the Education Bureau. In June 2020, we were granted around HK\$1.8 million, with which we launched an online English language learning platform that gives importance to edutainment. This innovative platform aims at enriching students' learning experience and increasing their interest in English language learning through different interactive games and exercises. Students can join different online English programmes anytime and anywhere via electronic devices including computers, mobile phones and tablets. The platform also frees them from the restrictions of the conventional classroom setting, enabling them to adjust their learning pace according to their abilities.

交流文化 學以致用

受到 2019 冠狀病毒病的影響,語言及企業傳訊高級文憑團 隊積極籌謀對策,將原定的活動通過網絡進行,確保學生 不會因為未能回校上課而影響學習進度或其他個人發展。

本學部與著名人力資源公司 PERSOL 合辦就業講座,講 解市場最新動向,介紹日資公司的特色,以及分享日資公 司的面試技巧。此外,本學部亦安排了日藉及韓藉老師於

Exchanging Culture and Applying Knowledge

「日/韓茶敘閣」與學生舉行多次線上對話,在推動文化 交流的同時,亦為學生提供鍛鍊日/韓語溝通技巧的機會。

總體而言,老師及學生對各項措施的反應都是正面的,學 生除了可以透過網上平台如常學習外,還學懂善用互聯網 增值,是一次難得的成長機會。

Amid the challenge of COVID-19, the Higher Diploma in Language and Corporate Communication team has worked hard to draw up measures accordingly. A series of activities were moved online to ensure students' study pace and personal development were not affected by the suspension of face-to-face teaching.

DLGS also invited PERSOL, a renowned human resources company, to deliver a career talk on the latest job market trends, the characteristics of Japanese companies and tips to prepare for job interviews with such companies. We also held "Japanese/Korean Chat Café" online sessions, during which students had real-time chats with native Japanese and Korean speakers. The activity was designed to promote cultural exchange and help students brush up on their communication skills in Japanese and Korean.

On the whole, students and teachers appreciated the measures we introduced during the volatile period. The team believes that all the changes over the past year were actually a rare golden opportunity for our students to grow. Through the online platform, they have been able to add value for themselves while learning new knowledge in their field.

毅進文憑收生理想

雖然受到社會風波及疫情的影響,全港整體毅進文憑(全日制及兼讀制)在2019-20學年的收生人數下降,但本校的毅進文憑課程仍能保持往年的收生水平,收生人數更在本港提供毅進文憑的院校中排行首位。

在毅進文憑(全日制)的 30 個選修群組裡,以「日本語言 及流行文化」、「紀律部隊」及「幼兒教育」報讀人數較多。 部分選修科目更有明顯升幅,如「電競團隊訓練與發展」 及「音樂創作及舞台表演技巧」。此外,課程多個上課中 心鄰近港鐵站和大型商場,切合學生需求,尤以馬鞍山、 觀塘和元朗最受學生歡迎。

毅進文憑(兼讀制)方面,現時課程設有5個核心科目及 13個選修範疇,本學部計劃將開辦更多選修範疇及課程組 合,以迎合更多同學的需要。

Satisfactory DYJ Enrollment

Although the overall admissions for Diploma of Yi Jin (DYJ) (full-time and part-time modes) programmes were adversely affected by the social turmoil and epidemic during 2019-20, the enrollment of our full-time DYJ ranked the top among all DYJ-offering institutions and maintained a satisfactory enrollment turnout.

Among all 30 full-time DYJ courses, Japanese Language and Popular Culture, Disciplined Forces and Early Childhood Education have higher enrollment rates. Some elective clusters, including e-Sports Training and Development and Music Production and Stage Performance Techniques, also reported a significant increase in intake of new students. A good number of the study centres are in close proximity to MTR stations and major shopping malls, making it easy for students to commute. Among them, the ones in Ma On Shan, Kwun Tong and Yuen Long are the most popular.

In terms of part-time DYJ courses, DLGS currently offers 5 core subjects and 13 elective clusters. In the coming year, DLGS will launch more elective clusters and course combinations to meet the needs of more students.

網上授課 迎難而上

過去一年,學界面對前所未有的衝擊,所有學校都因為疫 情影響而要暫停實體面授課堂。在這艱難時刻,教學團隊 作出適時應變,運用各種不同的電子教學平台,期望能儘 快恢復教學。本校管理層及教學團隊只用了短短兩個星期, 將原本實體面授課堂全面改為網上授課。最終,2019-20年 度下學期大部分課堂及評核都以網上模式順利完成,並汲 取是次寶貴經驗以面對將來的不同挑戰。

Overcoming the Challenge of Online Teaching

In year 2019-20, Hong Kong's education sector faced an unprecedented challenge. As a result of the epidemic, all physical classes at schools and universities were suspended. In response, the management and teaching team made timely changes by launching a variety of e-learning tools and platforms in the hope of resuming teaching as soon as possible. In the second semester, it took merely 2 weeks to complete a full switch to online classes. Most of the classes and assessments in the second semester of 2019-20 successfully took place online, and the switch to online teaching proved a valuable experience for us to deal with other challenges in the future.

此外,全新「流行音樂製作」課程已獲教育局審批,將於 2021-22 學年開辦。本校致力提供更多課程選擇予高中學 生,為香港培訓更多優秀的年輕專業人才。本校所有高中 應用學習課程已登記在資歷名冊內,課程質素獲官方肯定, 有關資歷對同學將來進修或就業皆有益。

Applied Learning: New Mind, New Experience

Over the past year, HKCT offered a variety of Applied Learning (ApL) courses to over 1,000 senior secondary school students. The courses include Applied Learning Chinese (for non-Chinese speaking students) - Practical Chinese, Pâtisserie and Café Operations, Sports and Fitness Coaching, Public Relations and Communication, and Railway Studies, which was newly launched by HKCT and the MTR Academy.

To enable students to get a better understanding of Applied Learning courses without being affected by the epidemic, HKCT replaced the traditional face-to-face Taster Programme with the online activity "ApL@HKCT x YouTube LIVE Taster Programme", which was held with success in April and May 2020. In the live-streamed programme, our teaching team presented the content and salient features of each ApL course. For example, a Coffee tutor demonstrated coffee art, and a Railway Studies tutor operated a train cab simulator. Secondary school students, teachers and parents were invited to join live interactive quizzes. The online approach presented another opportunity for the whole team to think outside the box. It is well recognised by the Education Bureau and secondary schools and will pave the way for the establishment of a new ApL learning model.

The new ApL course - Popular Music Production, which will be launched in the academic year of 2021-22, was already approved by the Education Bureau. We are dedicated to offering alternative study pathways to senior secondary school students while helping to nurture more young professional talents for Hong Kong. All our ApL programmes are registered under the Qualification Register and the curriculum quality is well-recognised by the government. The registration will stand students in good stead in terms of their future studies and career pursuits.

實習新常態—業界綜合實務報告

鑑於 2019 冠狀病毒病爆發,本學部以保障學生健康及確保 順利畢業為首要考慮,參照教育局及註冊處指引,並致力與 業界夥伴商討可行的替代方案,最終決定將旅遊業管理高級 文憑二年級課程的實習科目轉變為提交一份業界綜合實務 報告。 秉承港專發展職業專才教育的方針,本學部聯同業界夥伴舉 辦了一系列的行業研討會、講座及工作坊,讓學生能汲取行 內從業員的寶貴經驗,了解其營運模式及業務發展,以提升 同學的職場技能。學生要透過收集、整合及分析不同的專業 資訊,再配合課堂學習的理論,融會貫通,製作一份業界綜 合實務報告。

Internship Adapt to The New Normal

In the face of the outbreak of COVID-19, the internship programme of Higher Diploma in Tourism Management for the 2019-20 cohort was suspended. Placing a premium on students' health and striving to ensure all final-year students could graduate on time, the Division of Tourism and Hospitality (DTH) has taken reference from instructions of the Education Bureau while striving to maintain constant and close contact with different industry partners in order to explore an alternative arrangement replacing the internship programme. Eventually, it was decided that students had to submit an integrated industry project.

In line with HKCT's policy of nurturing professional talents, DTH joined hands with industry partners to host a series of online symposium, talks and workshops. At these events, industry players talked about their work experiences, enabling students to glean an understanding of the operation models and industry developments and refine their professional skills. Afterwards, students were required to collect, integrate and analyse the information they received from the online seminars, make use of the theories they had learned and then submit a report.

相關的行業研討會、講座及工作坊舉辦了超過10場,講者 包括:香港旅行社協會副主席、永安旅遊人力資源部助理經 理、維珍航空機場值班經理、香港置地文華東方酒店學習與 發展總監、澳門廚藝協會會長及澳門銀河娛樂集團行政經理 等;而內容範疇涉及餐飲、酒店、航空及旅遊業4大行業 的分享,部分業界夥伴更在課餘時間解答同學的問題,藉此 提高同學的學習動機,同時令他們全面地掌握最新的行情, 為投身職場作好準備。

總括而言,嶄新的業界綜合實務報告不單能融合教育團隊及 業界夥伴的共同想法,凸顯雙向分享的教學理念,以達到議 定的實習目標,即使學生在過去一年因疫情影響不能進行實 習,仍能透過活動與業界緊密交流,緊貼市場發展,以達致 順利畢業。 During the year, more than 10 seminars and workshops were hosted. The speakers included the Vice Chairman of the Hong Kong Association of Travel Agents, the Assistant Human Resources Manager of Hong Kong Wing On Travel Service Limited, the Duty Manager of Virgin Atlantic Airways-HKG Airport, the Director of Learning & Development of the Landmark Mandarin Oriental Hong Kong, the President of the General Assembly of the Macau Culinary Association, and the Executive Manager of the Galaxy Entertainment Group Macau. Topics of the talks encompassed 4 industries, namely food and beverage, hotel, aviation and tourism. During the events, the speakers recalled their professional experiences. Afterwards, some speakers addressed students' questions in the latter's spare time, which a view to incentivising them to work harder while equipping them with the most updated industry information for the sake of their future career.

In sum, the new mode of internship can effectively integrate the ideas of teachers and the industry of tourism and hospitality, highlighting the virtues of sharing as a principle of teaching and fulfilling the objectives of internship. Although internships were affected by the epidemic, students could still join various activities, interact with industry personnel and keep themselves abreast of industry trends. Most importantly, they were able to graduate on time.

網上導引課程反應熱烈

多年來,本校與教育局在每年都會舉辦實體導引課程,讓學 生親身體驗製作咖啡及甜品等活動,藉此吸引他們報讀相關 的高中應用學習課程。惟今年首季疫情反覆,配合教育局的 指引,本學部作出迅速的應變方案,將原有的活動模式轉 至線上即時直播,利用網上平台 YouTube,推出首個港專 x YouTube「甜品及咖啡店營運」及「機場客運大樓運作」高 中應用學習課程網上導引活動,成功吸引不少學生參加,反 應熱烈。

雖然在短時間內將導引課程轉至網上直播模式,本學部與校 內各個部門通力合作,從籌備、撰寫新聞稿、回覆網上資訊, 以至當日直播流程等,均花盡心思,促成這次活動反應理想, 並獲得教育局高度認可,而該學年的收生人數亦十分理想。

Successful ApL LIVE Taster Programme

For years, HKCT and the Education Bureau have been running Applied Learning (ApL) programmes. These taster courses, run annually, give students the opportunity to get first-hand experience in making coffee and desserts, with the ultimate aim of attracting them to take related senior secondary ApL programmes. The COVID-19, however, threw into disarray the plan in the past year. Nonetheless, DTH was quick to come up with a contingency plan in line with the Education Bureau's instructions. The scheduled events were switched to online. Two online ApL senior secondary courses, namely Pâtisserie and Café Operations and Airport Passenger Terminal Operations, were broadcast live via YouTube. It was a successful initiative that attracted many student participants.

To move our ApL courses online within a short time, DTH worked in concert with many other HKCT departments. Much effort had gone into preparing the online programme, writing press releases, answering inquiries online, and designing the schedule for the day of the live broadcast. Delightfully, the programme was aired with great success with numerous participants, and it was held with high regard by the Education Bureau. The number of new students enrolled in the year was also satisfactory.

疫情下進行廚藝實務課程 迎難而上

除了實習外,本學部的旅遊業管理高級文憑(西式廚藝)課 程有不少特式科目,如西式廚藝培訓、西式甜品及糕餅製 作、餐飲管理及餐飲服務及製作等,全部屬於面授課程。在 疫情影響下,本學部在教學模式轉型上遇到很多困難,經多 方商討及考慮後,終決定以嶄新模式,例如安排導師拍攝短 片、為學生提供課堂相關的食材,讓他們能在家練習廚藝、 餐飲導師在網上就學生作品提出意見及交流、上載影片至學 習平台等,以保持學生的學習進度,達至有效的教與學;而 部份出餐課程則因社交距離措施須順延至暑假進行。

Culinary Practical Modules Under Epidemic

The Higher Diploma in Tourism Management (Culinary) programme offers practical training as well as face-to-face classes on different subjects, including Culinary Skill Development, Patisserie and Dessert, Food Service and Production Operation. However, the epidemic has posed many challenges to the teaching model. Following a series of discussions, DTH came up with some optimal solutions including arranging for teachers to shoot short films and preparing ingredients for students to collect from different campuses so that they can hone their culinary skills at home. Teachers were also able to proffer suggestions to students and interact with them and to upload films to study platforms, thus maintaining students' study progress. Meanwhile, some luncheon courses have been postponed to the summer semester to reduce social contact.

面對抗疫的新常態,本學部嚴格遵守防疫措施,為保障學生 及教學人員安全,廚房及餐廳均設有獨立試味區,以透明隔 板分隔空間,以及設置食品消毒液等方案,務求能讓學生在 安全衞生的環境上課。

有見網上教學轉型的成效,本學部獲邀於本校員工簡介會與 其他教職員、行政及學生發展部職員等進行網上教學經驗分 享,內容包括如何在疫情下進行廚藝餐飲等實務課程、如何 解決網上學習面對的困難等,並透過實際例子,具體分享不 同方案的優勢及須改進的地方。 As the epidemic may not go away any time soon, our teaching team has learned to adapt to the new normal by tightening safety and hygiene measures. To protect students and teachers, various precautionary measures have been put in place, including individual and designated tasting areas, plastic partitions to curb the spread of infection, disinfectant sprays for food items in the kitchen, all of which are designed to provide a safe environment for students.

As a result of DTH's successful switch to online teaching, we were invited by other departments to share our experience in online teaching with other teachers, administrative and student development staff members at a staff briefing session. Topics included how to conduct practical courses on cooking and catering amid the epidemic, how to solve problems related to online learning. Examples were cited to highlight the strengths of different programmes and areas that needed to be improved.

粤港澳大灣區交流 擴闊視野

響應粵港澳大灣區發展規劃綱要,本學部於2019年10月 聯同澳門特別行政區政府旅遊局、DayDayCook(日日煮) 合辦星廚來澳門活動。第一部分是土生葡菜烹飪班,有幸邀 請澳門廚藝協會會長 Raymond Vong 擔任導師,於本校餐 飲訓練中心教授學生烹飪土生葡菜,勝出比賽同學更可獲邀 參加澳門美食文化交流團。第二部分是與澳門科技大學學生 交流,學習製作特式葡菜如馬介休球,在澳葡之家餐廳觀賞 主廚示範製作澳葡免治豬肉等。是次廚藝比賽及交流機會令 學生獲益良多,除了能擴闊視野,認識大灣區的發展,同時 亦能提升學生的職涯規劃機遇。

Broaden Students' Horizons in Greater Bay Area

In line with the Outline Development Plan for the Guangdong-Hong Kong-Macau Greater Bay Area, DTH joined hands with the the Macao Government Tourism Office and DayDayCook to organise two mega culinary events. In the first event, DTH invited celebrity chef Raymond Vong, President of the General Assembly of the Macao Culinary Association, to conduct a Macanese cooking class at HKCT. Students were taught to make authentic Portuguese dishes. Those who did best were invited to join a culinary and cultural tour in Macau. The second event was an exchange programme whereby HKCT students met with their counterparts at Macau University of Science and Technology. The young people learned to make Portuguese dishes such as Bacalhau Fritters. They also went to La Famiglia and watched the head chef make minced pork in Macanese-Portuguese style. It was an eye-opening experience that broadened students' horizons and their understanding of the Greater Bay Area while motivating them to make career plans.

國際教育中心 Centre of International Education

過去一年,2019冠狀病毒病肆虐全球,隨著教育局宣布停止面授課程,中心的同事、導師和學生都要學習網上教與學模式、 電子學習平台的應用,及如何運用不同的社交網絡軟件等挑戰。

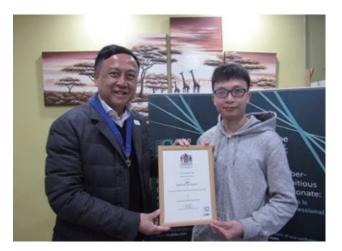

然而,這些新挑戰反而激勵了中心的同事和導師「遇強愈強」,在短期內學會了運用不同的網上教學程式,如 Blackboard Collaborate、Zoom 等,並配合電子學習互動平台方式,令課堂得以順利完成,學生亦能在「疫」境下繼續學習。

Over the past year, COVID-19 spread around the world. Following the Education Bureau's announcement on the suspension of face-to-face classes, all employees, students and teachers at the Centre of International Education (CIE) had to take up the challenges of using online teaching and learning platforms, e-learning platforms and the social media.

In the face of these challenges, our colleagues and teachers showed their mettle. Within a short period of time, they learned to use different online teaching applications such as Blackboard Collaborate and Zoom. These applications were combined with various e-learning learning platforms, enabling all online classes to be held without a hitch and students to continue their studies during the epidemic.

E-learning for Beauty Services Programme

In line with HKCT's on-campus anti-epidemic measures, the Professional Diploma in Beauty Services, Professional Certificate in Beauty Services (Make-up) and Professional Certificate in Beauty Services (Nail Art) courses switched to online teaching during the year. Makeup and manicure demonstrations were pre-recorded before online classes. Each student was given a complete set of working equipment containing basic materials and a uniform for their home practice. Final examinations were held in classrooms, with rigorous anti-epidemic measures in place. The measures, which met the campus and industry standards, included breaking down students into groups to take the exam in different classrooms to minimise the risk of cross infections. Several tutors were responsible for the examination days. When students entered their classrooms, they had to have their temperature taken and use disinfectants to clean their hands. Students also had to fill in a temperature record chart.

抗疫緊急紓困計劃

受到受到社會風波及 2019 冠狀病毒病影響,本港以至全球的經濟受重挫。為了紓緩同學及其家庭的壓力和困境,確保同 學在這艱難時刻仍能繼續學業,本部於 2020 年 3 月推出「抗疫緊急紓困計劃」,旨在透過學術、行政、心理、職業和基 本生活需要的支持,為受疫情影響的同學提供即時及緊急的支援。計劃雖屬短期救助支援,但同時會教導同學尋找社會上 資源,讓他們將來再次面對困難時,仍能逆境自強。

學生發展主任透過既定的準則和程序評估學生需要,除了緊急經濟援助外,還提供心理輔導、職業生涯及學術支援等服務, 全方位照顧同學的需要。為了讓申請過程便利快捷,本部接受電話、電郵、網上溝通軟件等申請途徑,期望在最短的時間 內協助有需要的同學。

Anti-Epidemic Emergency Relief Scheme

As a result of social turmoil and COVID-19, both Hong Kong and global economy suffered the drastic setback. To ensure our students can focus on their studies and relieve their families' financial stress in the challenging time, the Department of Student Development (DSD) launched the "Anti-Epidemic Emergency Relief Scheme" in March 2020 to provide timely academic, administrative, psychological and vocational support to students. The scheme was also designed to meet students' basic needs in daily life. The emergency support was short-term, but the scheme guided students to look for social resources to overcome the challenges independently in the future.

Based on a set of criteria and procedures, DSD staff would assess student applicants' needs, providing not only emergency financial assistance, but also psychological counselling, career advice, career planning service and academic support. To speed up the application process and ensure students can acquire the support that they need within the shortest possible time, DSD accepted the applications by telephone and email as well as online applications.

部門協作精神的展現

除申請方法便利外,當收到學部老師轉介的學生個案後,本 部會與同學溝通,了解他們的狀況和需要,即時與有關學術 部門及各個行政單位,如資訊科技部、註冊處等緊密溝通, 為同學提供最適切的援助方案,同時展現部門間的團隊協作 精神。

Demonstration of Team Spirit

After receiving student applications from teachers, DSD would contact the student applicants, to understand their situations and needs, and promptly communicated with the related academic departments and administrative units, such as Department of Information Technology and Office of Registry, with a view to providing the most feasibe solutions to the students. In the meantime, different departments and units work together as a team.

<u> 吴同學(社會工作高級文憑二年級)</u>

受到疫情影響,個人與家庭的收入減少,加上學習模式的轉 變,令我感到很大壓力及無力感。徬徨無助之際,獲得了計劃 的援助。可能在其他人眼中是微薄的金錢,但我感受到的是滿 滿的支持,緩解了當下的不安與恐懼,增加前行的信心。

Student Surnamed Ng (Higher Diploma in Social Work, Year 2)

Affected by COVID-19, both my personal and family's income were decreased. The change of the study mode has also given me a lot of pressure and made me feel powerless. When I was worried and felt helpless, this scheme was launched. The financial assistance might be paltry for some people, but it is a great help for me. It eased my anxiety and fear and gave me confidence to move forward.

網上教與學新模式

受到 2019 冠狀病毒病影響,教育局去年多次宣布暫停本港 中、小學面授課堂及校內活動,本校的夜中學及英文專修課 程亦同樣受到影響。

為了讓教師及同學能盡快適應由傳統的面授教與學轉為網 上教學模式,成人教育中心特別提供了一系列的配套和設施,包括以 Zoom 虛擬教室進行網上授課,讓夜中學及英專 的同學可以繼續在家學習;提供網上課堂的相關使用指南和 規範;增設熱線提供技術支援和收集意見,協助同學適應網 上學習模式。

另外,中心更充分運用了教育局提供的額外津貼,為不熟悉 使用網上教學軟件的教職員提供特別培訓和支援服務。

New Mode Of Online Teaching and Learning

Over the past year, COVID-19 forced the Education Bureau to repeatedly suspend classes and campus activities at primary and secondary schools. Our Evening Secondary School and English Courses were also affected.

To cope with the change, the Adult Education Centre (AEC) switched to online teaching, whereby students could continue their studies at home via Zoom. Students were also given a user guide on the video communication software. A hotline was set up by AEC to provide students with the technical support and collect feedback, with a view to helping students adapt to the new learning mode.

AEC also utilized the subsidies granted by the Education Bureau to provide special training and support services for the teaching staff who were not familiar with the online teaching software.

夜中學學生公開考試成續報捷

本校的夜中學課程旨在為離校生、成年人士及新來港人士提 供中學課程,以助他們繼續升學或投身職場。多位夜中學課 程的同學在 2020 年香港中學文憑考試中取得不錯的成績, 其中考獲最佳 5 科 27 分佳績的廖俊傑同學,更被外間封為 「夜中狀元」,成績彪炳。廖同學分別於中、英、數 3 科 核心科目取得 5*,以及於生物科取得 5 級的成績,並成功 透過大學聯合招生辦法(JUPAS),獲香港理工大學「放射 學(榮譽)理學士學位」取錄,向其目標邁進一大步。

Outstanding HKDSE Results of Evening School Students

Our Evening Secondary School offers secondary education to school leavers, adults and new migrants, with a view to helping them pursue further education and equipping them with useful skills at work. In the 2020 Hong Kong Diploma of Secondary Education Examination (HKDSE), some of our students obtained satisfactory results. The one with the best results was LIAO Jun Jie, who scored 27 points in his best 5 subjects. He attained level 5* in the core subjects of Chinese, English and Mathematics, and level 5 in Biology. With the brilliant results, he was admitted to the Hong Kong Polytechnic University for a Bachelor of Science (Honours) in Radiology under the Joint University Admissions System (JUPAS).

職業訓練學院 School of Vocational Training

職業訓練學院主要為成年學員提供多元化培訓課程,提升 他們的就業競爭力。受到2019冠狀病毒病影響,學院由 2020年1月底開始全面停課。為協助學員在疫情下仍能持 續學習,學院率先響應僱員再培訓局的建議,於4月開始 以試點形式推出網上學習課程。由實體面授課堂轉為網上 授課,除了要解決大量技術操作問題外,還要處理教與學的 互動和同學適應的問題。經過一番努力後,學院終於為超過 80個適合的課程提供網上授課安排。不少學員十分歡迎和 接受嶄新的網上授課模式,讓他們能在疫情期間,即使未能 如常上課,亦能透過網上課堂繼續進修學習,為投身就業市 場做好準備。

Promote a new norm of online learning

The School of Vocational Training (SVT) provides a wide range of comprehensive training courses to adult trainees, with a view to helping them enhance their employability and competitiveness. In late January 2020, all classes were suspended due to COVID-19. To help our trainees continue to learn remotely, we took the lead to launch a pilot online training course in April 2020 at the recommendation of the Employees Retraining Board (ERB). The shift from physical classes to online teaching called for tackling numerous technical issues as well as addressing issues concerning student-teacher interactions online. Delightfully, we managed to overcome the challenges thanks to the joint efforts of our trainers and colleagues. At present, we have more than 80 courses available online. More and more trainees relish this new teaching method, as they can continue learning without a hitch during the epidemic and prepare themselves for joining the employment market in the future.

發展新式青年培訓課程

過去一年香港經濟持續疲弱,失業率屢創新高,青年人就 業尤其困難。有見及此,學院以選修科目的概念,向僱員 再培訓局建議開辦專為 15 至 24 歲青年人而設的「青年啟 迪培訓證書」課程。學院希望青年人透過選修與創意文化 及 5G 時代資訊科技相關的科目,提升他們的學習興趣。課 程同時安排 1 個必修關鍵技能單元,協助學員增強創新與 分析能力,提升軟技巧及就業信心。「青年啟迪培訓證書」 課程是僱員再培訓局首個跨行業通用技能就業掛鈎課程,旨 在滿足現今僱主對員工「一職多能」的新要求。

Development of new youth training courses

Hong Kong's economy was sluggish throughout last year, with unemployment hitting new highs. Youth unemployment has been particular concerning. With this in mind, we have adopted the elective subject approach and proposed to the ERB the "Certificate in Youth Inspiration Training" course for young people aged 15 to 24. We strive to motivate people to acquire new skills and knowledge by offering them elective courses related to creativity, culture, and information in the 5G era. There are also 1 compulsory key module to strengthen students' innovative and analytical abilities and soft skills while boosting their confidence in the employment market. This is ERB's first cross-industry programme that combines generic skills with placement-tied courses. It caters to many employers' needs of multi-skilled employees.

疫情下僱主服務持續進行

今年的僱主服務面對很大的挑戰。受疫情影響,僱主探訪及外出參觀等活動都大幅減少或暫停。為了與僱主保持緊密合作關係及開拓新僱主網絡,學院不斷探索及嘗試,於5月首次以網上方式舉辦兩場僱主工作坊。大部份出席的僱主代表均認為工作坊以網上形式進行十分方便,既可防疫又節省交通時間,更有超過九成僱主代表對網上工作坊表示滿意或非常滿意。不少新僱主認同活動加深了他們對本校培訓和就業服務的了解和認識,期望日後能有更多的交流和合作機會。

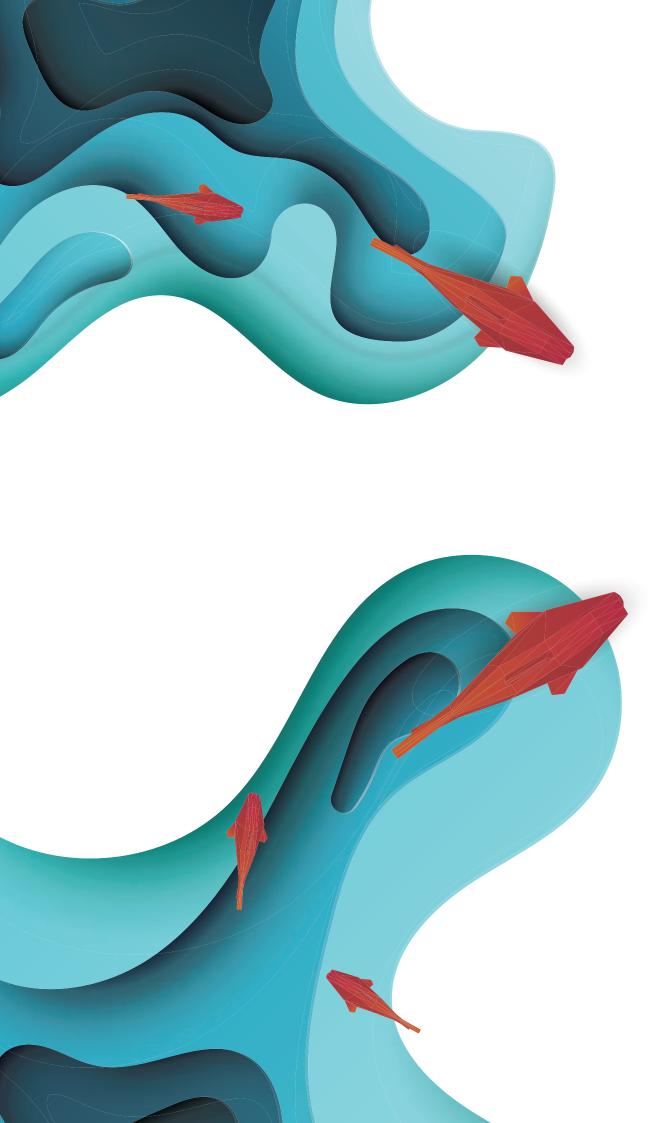

過去一年,學院致力與僱主保持緊密聯繫,掌握市場狀況及職位空缺,期望能為學員提供最適切的就業支援服務。學院 於本年度安排了6次親身拜訪僱主,16次透過電話或視像與僱主聯繫、22次僱主參觀及62次僱主入班招聘和行業分享。

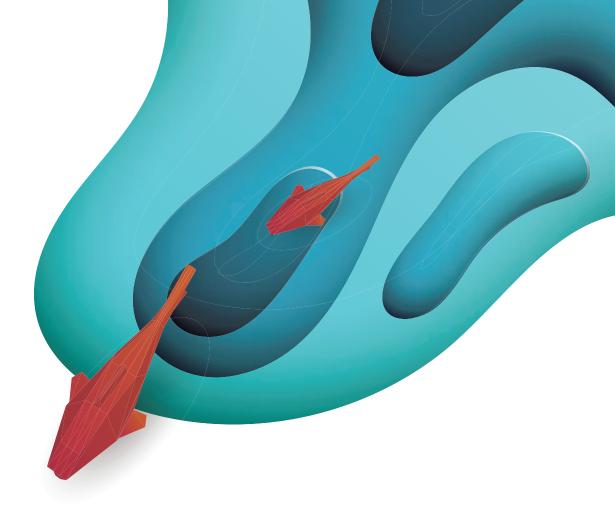

Employers Services continued under the epidemic

Employer services are a realm that is facing great challenges this year. Amid the epidemic, activities such as visits to employers and other kinds of visits have been significantly reduced or even suspended. We have been exploring new means to maintain close contact with employers and to develop new employer networks. In May 2020, we ran for the first time 2 online employer workshops. Most of the employers' representatives found the online approach convenient, safe and time saving. More than 90% of them were satisfied or very satisfied, and all of us were pleased to be able to share and exchange our views and information despite the epidemic. Many employers who recently joined our network agreed that the activity had deepened their understanding of HKCT's training and employment services. Both sides look forward to more exchange opportunities.

Although the epidemic situation remains volatile, we remain committed to working closely with employers as we strive to keep ourselves abreast of market development and identify job vacancies, so as to provide optimal employment support services for our trainees. Over the last year, we visited different employers six times in person, had 16 phone and video calls with employers, arranged 22 site visits to employers and organised 62 recruitment talks and industry sharing sessions hosted by employers.

港專推出全新 1+3 網頁

受惠於政府第七輪配對補助金計劃,港專能繼續務實地推動 學院發展及幫助學生發展。在過去一年,港專分別進行了校 園設施翻新工程、鞏固資訊科技網絡工程,重整學校網頁, 以及為學生提供獎助學金等。

在網頁重整計劃中,港專於2020年3月推出全新「港專 1+3網頁」,以1個港專主網頁,加上3個不同課程範疇的 網站組成,包括兼讀制及短期課程網站、毅進文憑課程網站 及職業訓練學院網站,以配合不同進修人士的需要,讓他們 更快及聚焦地找到與其相關的課程內容及所需資訊。

4 個網頁的設計概念相若,但以不同的主題顏色區分,並按 不同類別的使用者設計專屬介面,集中課程類別及相關資 訊,讓各行各業的在職人士、中學畢業生及其他有意進修人 士等,能從其專屬網站更方便地獲取所需資訊、查詢及報讀 課程,同時亦保持港專網頁的整體性。配合社交媒體的應 用,新網頁亦加入不同的社交媒體連結,讓使用者能隨時到 相關的社交媒體,了解學校最新的資訊。

New "HKCT 1+3 Websites"

A beneficiary of the Seventh Round of the Government's Matching Grant Scheme, HKCT has been able continue to promote its own growth and foster students' development in various aspects. Over the past year, HKCT has undertaken a campus renovation project, consolidated its IT network, revamped its official website, and offered scholarships to numerous students.

In March 2020, HKCT launched the "HKCT 1+3 Websites" that consist of a main HKCT website as well as 3 websites related to different sets of programmes, namely parttime and short-term programmes, Diploma Yi Jin (DYJ) programmes and School of Vocational Training (SVT). The objective is to address the needs of different types of people seeking further education and help them locate information on details of the courses they are interested in.

除課程資訊外,主網站更突顯港專與業界夥伴的聯繫及網絡,包括海外院校及中學夥伴、僱主網絡、專業學會及合作機構;又細數校友故事,讓使用者從多角度認識港專。另外, 全新的1+3網頁在設計上更特別照顧用家的使用體驗,為 智能電話用戶的介面進行最佳化,以便在較細小的屏幕上瀏 覽資料。

為了加強網頁的使用率,「港專1+3網頁」配置全新的內 容管理系統,讓教職員能輕鬆管理網頁內容。系統可設置不 同的管理及核准權限,讓各個學部的同事都可以參與內容更 新,大大縮短內部工作流程,同時提高資訊的準確性。新內 容管理系統更支援與校內課程中央數據庫自動同步,以保持 網頁內容的準確度及一致性。

The design concepts of the 4 websites are similar to each other, with each having its own theme colour. The interface was created in a way that suits the respective needs of users, with information on programme types and programme contents, so that employed persons, secondary school graduates and other people seeking to pursue further education can easily acquire information from the websites, make inquiries and be enrolled in specific programmes. The design also serves to maintain the integrity of HKCT's official website. What is more, the new websites feature social media links connecting users via popular social media platforms and keeping them abreast of HKCT's latest news.

The main website also highlights HKCT's links with its partners, including overseas institutions, secondary schools, employers, professional institutions and various organisations. It also contains personal stories of HKCT alumni for users to glean a good understanding of HKCT. In addition, the websites come with a mobile version to make them user-friendly for mobile phone users.

To boost the websites' utilisation, a new content management system was put in place, enabling teaching staff to manage the websites easily. The system comes with different levels of management and permission settings, so that different departments can update the website content and shorten the time needed to carry out internal work while improving the accuracy of information. The new system supports automatic syncing between HKCT's programmes and the central database, thus maintaining the accuracy and consistency of website content.

「『沖』出夢想 - 太平洋咖啡 x 港專@大灣區創業培訓計劃」

由華潤集團及共同家園青年公益基金贊助,港專與太平洋咖啡合辦的「『沖』出夢想-太平洋咖啡 x 港專@大灣區創業 培訓計劃」於2020年5月展開宣傳,以「我要做老細!!! 100萬投資資本等你拎」作為宣傳口號,採取線上線下互相 配合的宣傳策略,吸引近800名18至35歲的青年人報名。 由於疫情關係,港專將「計劃分享會」改以網上Zoom Webinar形式進行,以「我要做老細 – 創業達人教你做逆市 贏家」為主題,邀得「舖市KOL」盛滙商舖基金行政總裁 李根興博士,及壹品豆品董事總經理羅孟慶先生義務擔任分 享嘉賓,同時安排太平洋咖啡深圳分店店長陳柏林先生,分 享在內地營運咖啡店的經驗。當晚分享會在線進行時,參加 者積極提問及回應,反應熱烈。

Beyond Dreams – First Entrepreneurial Training Programme of Pacific Coffee x HKCT @ the Greater Bay Area

In May 2020, "Beyond Dreams – First Entrepreneurial Training Programme of Pacific Coffee x HKCT @ the Greater Bay Area", funded by China Resources Group and the Greater Bay Area Homeland Youth Community Foundation, was launched. This scheme is co-organised by HKCT and Pacific Coffee. The slogan of the scheme was "I want to be a boss!!!". An online-cum-offline promotion strategy was adopted for the initiative, which attracted nearly 800 young applicants aged 18 to 35.

Because of the epidemic, the "Sharing Session" under the scheme was run via Zoom Webinar. Held under the theme "Becoming a boss ! Entrepreneurs' tips on beating the odds (adversity)", the event featured Dr Edwin LEE, Founder and CEO of Bridgeway Prime Shop Fund Management, and Mr Jeff LAW, Managing Director of Top Soya, as special guests to share their experiences. Mr Bailin CHEN, Store Manager of the Shenzhen branch of Pacific Coffee, was also invited to share his experience of operating a coffee shop in mainland China. During the sharing session, many participants were enthusiastic and asked the guests questions.

可惜,新一波疫情於香港再度爆發,若項目的原訂模式繼續 執行,所有入圍參加者必須以全日制模式(Full-time)參與, 即需要辭職或休學,影響甚大。因此,基於疫情反覆及內地 和香港關口安排的考量,項目人員採取了應變方案,延長計 劃時間6個月,把培訓模式改以兼讀模式(Part-time)進行, 增加執行彈性及靈活性,同時可以維持預期的成效。項目 經過三輪參加者選拔,最後選出了30位學員入圍並進入培 訓階段。

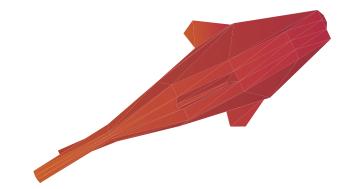

大家樂集團「暑期本地職場體驗計劃」

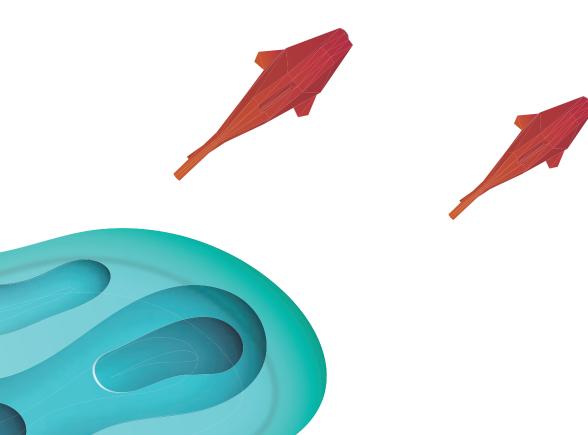

在疫情影響下,不少餐廳都需要增加科技應用及顧客的防疫 措施,而衍生新常態下的工作。同時,學生亦受社會環境 影響,較以往難以覓到兼職工作,令家庭經濟壓力負擔加 重。因此,港專夥拍大家樂集團推出「暑期本地職場體驗計 劃」,安排學生到大家樂旗下的休閒餐飲餐廳工作,紓緩他 們經濟壓力,同時學習客戶服務的知識及技巧。

Unfortunately, there was a new wave of epidemic afterwards. If the original plan of the project went ahead, all shortlisted participants would have to take part in it on a full-time basis, in which case they would have to resign from their current jobs or take a break from their studies. The impact would be far too big. In view of the volatile epidemic situation and border control measures, the organiser of the training scheme adopted a contingency plan by extending the scheme by 6 months and changing the training mode to part-time. This way, the desired results could still be achieved. Following three rounds of selection of participants, 30 were picked and joined the training.

Café de Coral Group Internship Scheme

Because of the epidemic, many restaurants have to make more extensive use of technology and introduce in-house antiepidemic measures. Working from home has also become a new normal. Meanwhile, changes in society mean it is harder for students to find part-time employment and help ease the financial burden of their families. As such, HKCT joined hands with Café de Coral Group to launch a summer internship scheme, whereby students were arranged to work in the group's restaurants. The initiative helped relieve the students' financial pressure while equipping them with customer service skills and knowledge.
