香港专业进修学校（港专）于1947年创办，逾78年来一直致力推动「职业专才教育」发展，提供多元化的专业课程，以供不同年龄、界别、阶层人士报读，桃李已逾68万。港专一直发扬“敬业日新”精神，朝着专业进修大学的方向发展，锐意成为立足香港、具国际视野的优选高等及持续教育机构，对国家及社会作出贡献。

港专采用灵活多元的教学模式，培养学生的专业知识和独立思考，透过不同的课内外活动，例如通识课程、“博学课堂”、外地交流及义务工作等，开拓学生的视野，助他们建立积极上进的人生观。同时，港专设有语言中心，着重训练学生的两文三语，让他们掌握良好的沟通技能。另外，港专亦关顾学生的生涯规划，为他们安排实习机会、升学及就业支持等服务，协助他们认清方向，一步一步实现理想。

Hong Kong College of Technology (HKCT) was founded in 1947. For over 78 years, HKCT has been dedicated to the development of vocational and professional education. It offers a diverse ranged of vocational-specific programmes catering to individuals of different ages, backgrounds, and social strata, and has enrolled more than 680,000 students in total. HKCT has always carried forward the spirit of “Conscientious and Innovative”, with the aim of progressing towards becoming a leading Vocational and Professional Education and Training (VPET) university. Simultaneously, HKCT is striving to be a Hong Kong-based, internationally-recognised institution of higher and continuing education, making significant contributions to both the nation and society.

HKCT employs flexible and diverse teaching methodologies to cultivate students’ professional knowledge and independent thinking. Through various curricular and extracurricular activities, such as general education courses, “i-Opening Classes”, overseas exchanges, and volunteer work, students broaden their horizons and develop a positive and proactive outlook on life. Furthermore, HKCT’s Language Centre emphasises biliterate and trilingual, equipping students with strong communication skills. HKCT also prioritises students’ career planning, providing internship opportunities, further education guidance, and employment support services to help them define their goals and progressively achieve their aspirations.

高等教育 Higher Education

港专学院于2014年获行政长官会同行政会议批准成立，连同政府资助大学，是本港可颁授认可学位的高等教育院校之一。港专学院现设社会科学院及网络空间科技学院，为有志投身相关行业的学生提供专业知识及实习经验。

在高等教育方面，港专提供由应用教育文凭/文凭、高级文凭、学士学位，以至硕士学位课程，学科范畴涵盖人工智能、网络安全、物联网、手机应用程序及游戏开发、运动管理、音乐制作、社会科学、社会工作、纪律部队、幼儿教育、航空及酒店款待、设计及媒体制作、西式厨艺、传播、公共关系及语言、专业美容等，以迎合不同学历成绩及兴趣的学生需要。

With the approval of the Hong Kong Chief Executive and the Executive Council, HKCT Institute of Higher Education (the Institute) was established in 2014. Together with all government-subsided universities, the Institute is one of the degree-awarding higher educational institutions in Hong Kong. HKCT currently has the Faculty of Social Sciences and the Institute of Cyberspace Technology to provide professional knowledge and practical experience for students aspiring to careers in these respective fields.

In the realm of higher education, HKCT offers courses ranging from Diploma of Applied Education/ Diploma, Higher Diploma, Bachelor's Degree to Master's Degree. The wide array of programmes caters to the diverse academic achievements and interests of students while providing them with professional knowledge and internship opportunities for those aspiring to enter related industries. They include Artificial Intelligence (AI), Cybersecurity, Internet of Things (IoT), Mobile Applications and Game Development, Sports, Music Production, Social Science, Social Work, Discipline Services, Early Childhood Education, Aviation and Hospitality, Design & Media Production, Western Culinary, Communications, Public Relations and Languages, Beauty, etc.

人工智能 Artificial Intelligence

全新课程 NEW!

- ▶ **AI技能培训:** 从电脑程式设计导论到深度学习、机器人及物联网中的AI应用，涵盖AI领域的完整知识体系。学员将掌握Python语言，并通过应用实践，将所学知识应用于图像处理、大数据处理等实际场景

AI Skills Development: Covering a comprehensive knowledge system in the field of AI, from an introduction to computer programming to deep learning, robotics, and AI applications in the Internet of Things (IoT). Students will master the Python language and apply their knowledge in practical scenarios such as image processing and big data processing through hands-on practice

- ▶ **沉浸式实践体验:** 专业模组中约有30-40%的时间用于动手实验，提升学生的实践能力，以应对应用人工智能领域的多变挑战，并做好充分准备。学生将构建AI模型，处理真实数据集，开发智能应用，并在机器人和物联网环境中进行AI测试与部署，积累宝贵的实战经验

Immersive Practical Experience: Approximately 30-40% of professional modules are dedicated to hands-on experiments, enhancing students' practical abilities and preparing them to tackle the diverse challenges in the field of applied artificial intelligence. Students will build AI models, work with real datasets, develop intelligent applications, and conduct AI testing and deployment in robotics and IoT environments, gaining valuable hands-on experience

- ▶ **业内AI专家:** 课程邀请来自海外和内地的资深AI专家，分享专业的行业洞察和实践经验

Industry Specialist: The programme invited experienced AI specialists from overseas and the mainland, who share professional industry insights and practical experiences

- ▶ **知名学界伙伴:** 我们与「浙江大学网络空间安全学院」及「山东科技大学」等院校，进行人才培养和交流，及在科研、产品研制等方面的合作。高级文凭课程更与「香港中文大学数学人工智能中心」共同设计，并会定期举办学术论坛、交流活动等，为学生提供多元学习机会

Renowned Academic Partnerships: We cooperated with 'The School of Cyber Science and Technology (SCST) at Zhejiang University' and 'Shandong University of Science and Technology' for talent development, exchanges, and cooperation in research and product development. Additionally, Higher Diploma programme is designed in collaboration with 'The Centre for Mathematical Artificial Intelligence, The Chinese University of Hong Kong' and regularly hosts academic forums, exchange activities, and more to provide students with diverse learning opportunities

物联网 Internet of Things

- ▶ **物联网应用:** 将物联网知识应用于不同领域，如智能家居、自动驾驶、医疗监测、零售业的供应链管理、工业设备监控及生产线优化等

IoT Applications: Allowing students to apply their knowledge of the Internet of Things in various fields such as smart homes, autonomous driving, medical monitoring, supply chain management in retail, industrial equipment monitoring, and production line optimisation

- ▶ **先进设备:** 设「物联网终端安全实验室」及「物联网工程实训中心」支持教学活动，让同学学习物联网概念及技术，并提供实际动手机会

State-of-the-art Equipment: The 'Internet of Things Terminal Security Lab' and 'Industrial Internet of Things Training Centre' were established to support teaching activities and provide hands-on opportunities. Students can learn about Internet of Things concepts and technologies through professional equipment in laboratory

- ▶ **强大业界网络:** 大型科技企业及策略性合作伙伴，如阿里巴巴、天融信、深信服、永信至诚、Palo Alto Networks、中国移动及龙岛等，提供网络及设施方面的支持、以及本地及大湾区交流、培训、实习及就业发展机会

Strong Industry Ties: The programme is supported by renowned technology companies and strategic partners, including Alibaba, Topsec Technologies Group, Sangfor Technologies, Integrity Technology Group, Palo Alto Networks, China Mobile and LUCULLUS. These companies provide support in terms of networks and facilities and offer exchange, training, internships, and career development opportunities to our students in Hong Kong and the Greater Bay Area

- ▶ **知名学界伙伴:** 与清华大学共建「航天安全及人因工程联合实验室」，以科研促进教学。此外，我们亦透过与「浙江大学网络空间安全学院」及「山东科技大学」等知名院校合作，进行人才培养，为学生提供交流机会

Renowned Academic Partners: We have jointly established a 'Joint Laboratory for Aerospace Security and Human Factors Engineering' with Tsinghua University to promote research and teaching. Additionally, we have cooperated with 'The School of Cyber Science and Technology (SCST) at Zhejiang University' and 'Shandong University of Science and Technology' to collaborate on talent development and provide exchange opportunities for students

网络安全 Cybersecurity

- ▶ **先进设施:** 自资专上教育提升及启动补助金计划 (ESGS) 资助接近HK\$2,000万, 发展课程及设置专业设施。「网络安全运营中心」及「网络靶场及实训中心」配备专业硬件及系统平台, 让学生进行真实场景模拟、竞赛、研究、检测及演习等

State-of-the-art Cyber Labs: ESGS subsidised around HK\$20 million for construction of facilities and programme development. With professional hardware and system, the 'Security Operations Centre' and 'Cyber Range and Practice Centre' allow students to conduct scene simulation, competition, research, testing, drill and exercise, etc

- ▶ **靶场互联:** 港专的网络靶场为鹏城国家实验室网络靶场 (国家级) 香港分中心, 与多个跨境靶场实现了平台互联互通, 有助开启在线模拟测试和竞赛比拼

Cyber Range Interconnection: HKCT cyber range serves as a Hong Kong regional centre of the Peng Cheng Laboratory national-level cyber range, and it has achieved platform interconnection with multiple cross-border cyber ranges. It facilitates the initiation of online simulation tests and competitions

- ▶ **强大业界网络:** 大型科技公司及企业, 如中国联通国际、北京天融信科技有限公司、阿里云、深信服等, 为学生提供本地及大湾区交流、培训、实习及就业发展机会

Strong Industry Ties: Well-known industry partners such as China Unicom Global, Topsec Technologies Group, Alibaba Cloud, Sangfor Technologies provide student exchange, training, internship and career development opportunities in Hong Kong and the Greater Bay Area

- ▶ **知名学界伙伴:** 我们与华中科技大学、西安电子科技大学、上海交通大学等多间内地国家级网络安全学院合作, 携手培育网安人才。此外, 我们更与「浙江大学网络空间安全学院」, 在科研层面搭建平台, 开展技术创新、产品研制和科研等方面的合作

Renowned Academic Partners: We cooperate with top-notch cybersecurity institutes in the mainland including Huazhong University of Science and Technology, Xidian University, and Shanghai Jiao Tong University to cultivate cybersecurity talents. Moreover, we have established a collaborative platform with 'The School of Cyber Science and Technology (SCST) at Zhejiang University', fostering partnerships in technological innovation, product development, and scientific research

人文及社会科学 Humanities and Social Sciences

- ▶ **内容全面:** 结合正规课程、课堂外学习及技巧工作坊, 培育学生的价值观及对专业的委身

Professional Content: This programme integrates a formal curriculum, extracurricular learning, and skill-based workshops to cultivate students' values and professional commitment

- ▶ **师资优良:** 由社会工作教育界拥有资深经验的教授团队设计及执教, 加上港专逾21年来培训过千名社工的丰富经验, 教与学质素有保证

Experienced Teaching Teams: This programme is designed and taught by a team of experienced professors in the field of social work education. With over 21 years of experience in training thousands of social workers, the programme ensures high-quality teaching and learning outcomes

- ▶ **业界实习:** 设多元化的实习机会, 装备同学有业界知识和实战技巧, 提升就业机会

Internship: Provide internship opportunities to equip students with industry knowledge and practical skills to enhance their employability

- ▶ **多元化活动:** 为学生提供参与不同学术及专业活动的机会, 开拓眼界, 例如奖学金暨领袖培训计划、实务工作研讨会、跨界别参观活动等

Diverse Activities: Provide many opportunities to join different academic and professional activities like Scholarship plus Leadership Training Scheme, Practice Seminar and Conference, Cross-disciplinary Visiting Programme, etc

运动管理 Sports Management

協作夥伴：
Partner:

- ▶ **国家级合作伙伴：**国家级合作伙伴：与中国香港体育协会暨奥林匹克委员会及中国香港伤残人士体育协会为协作伙伴，在生涯规划、升学就业等各方面都给予学生支持

交流团 Exchange Tours

为拓宽学生的环球视野，学校会组织海外或内地交流团，有機會到访欧洲、美洲、中东、东南亚等地，让学生体验当地文化风俗，参观本地大学及企业。这些交流活动不但有助促进不同地区之间的文化交流，亦能增进学生的国际视野及識見。

To broaden students' global perspectives, HKCT organises overseas study tours to various destinations, such as Europe, America, the Middle East, and Southeast Asia. During these trips, students can experience local cultures, customs, visit universities and regional enterprises. The exchange tours facilitate cultural exchange and learning opportunities between regions while enhancing students' international exposure and understanding.

輔導及生涯規劃 Counselling and Career Planning

學校非常重視學生的身心健康，將安排社工提供個人及小組輔導，協助可能因文化差異而產生情緒問題的學生，進行心理上的支持，提升同學的抗壓力。

另外，為協助學生規劃未來發展，學校特別安排生涯規劃工作坊，由專業人士引導學生認識個人性格、興趣及能力，並協助學生制訂未來的發展計劃，為將來的學業和職業生涯做好準備。

HKCT emphasises on students' mental and physical well-being by providing comprehensive counselling services. Professional social workers offer both individual and group counselling sessions to support students who may experience emotional challenges due to cultural differences, helping them build resilience and adapt to their new environment.

To assist students in planning their future paths, the college organises specialised career planning workshops. These workshops are led by industry professionals who guide students in discovering their personalities, interests, and strengths. Through these sessions, students receive expert assistance in developing their development plans, ensuring they are well-prepared for their academic journey and future career paths.

作为来自内地的学生，前来香港就读运动管理这门课程带给我全新的视角与体验。课程内容全面且极具深度，涵盖了我之前未曾接触的领域，不但拓展了我的学术知识，同时覆盖了实习以及实践课题。特别是香港教学方式的多样性让我印象深刻，课堂上老师鼓励独立思考与主动参与，通过小组讨论和案例分析深入挖掘理论背后的实际应用，使我在理解上有了更深刻的了解与体会香港与运动相关的就业市场。

As a student from the Mainland, coming to Hong Kong to study this sports programme give me a new perspective and experience. The programme content is comprehensive and in-depth, covering areas that I have never been exposed to before. It not only expanded my academic knowledge, but also covered internship and practical topics. In particular, I was deeply impressed by the diversity of teaching methods in Hong Kong. Teachers encouraged independent thinking and active participation in class. Through group discussions and case analysis, they deeply explored the practical applications behind the theory, which gave me a deeper understanding in sports-related industry in Hong Kong.

在港专的日子，是温暖又充实的，我特别感谢每一位教师和学生发展部职员与社工们的帮助与支持。在学习上，每一位老师都非常友善耐心，不仅传道授业解惑，更授人以渔，启发我们转变视角、独立思考问题，尤为可贵。在课堂外，我亦参加了学部与学生发展部提供的丰富多彩的活动。有交流团开阔眼界，有实习机会积累经验，有工作坊掌握各种技能，有各类活动拓展人际增强体魄。在港专我们不仅是学生，更是这个大家庭内平等友好的一份子。在港专，我们一起进步，成为更好的自己。

My time at HKCT has been warm and fulfilling. I am especially grateful for the help and support from every teacher, DSD staffs, and social worker. Academically, each teacher has been incredibly friendly and patient, not only imparting knowledge and answering questions but also inspiring us to shift perspectives and think independently, which is especially valuable.

Outside of the classroom, I also participated in the diverse activities offered by the Division and DSD. There were exchange programmes to broaden horizons, internship opportunities to accumulate experience, workshops to master various skills, and various activities to expand interpersonal connections and strengthen physical fitness.

At HKCT, we are not only students but also equal and friendly members of this big family. We progress together and become better versions of ourselves.

我在港专遇到的每一个老师都很尊重人、有耐心，是真正的良师益友。港专的课程设计也很人性化，非常亲切，亦有各类丰富活动为内地生更好的适应和了解香港。同学们的帮助也弥补了很多我身上中式教育所带来需要提升的地方。

The teachers I encountered at HKCT were all very respectful and patient, truly acting as both mentors and friends. HKCT's curriculum is also designed in a very human and approachable way, with a variety of enriching activities to help mainland students better adapt to and understand Hong Kong. The support from my classmates also compensated for many areas where my Chinese education background needed improvement.

来港签证 Visa Arrangement

非本地学生申请来港就读时，均需向香港入境事务处申请学生就读签证。学校在确定录取后，会协助申请人向香港入境事务处提出申请。申请人请把所需文件及已缴费的银行入款单据原件，一并寄至香港专业进修学校所报读课程的课程主任（信封上注明签证申请）。

香港入境事务处审批时间一般为六个星期，为避免因签证手续延至申请人不能准时来校报到，请申请人提前准备签证所需资料并尽快提交。详细数据请查看香港入境事务处颁发之「来港就读入境指南」或向香港入境事务处查询。

When applying to study in Hong Kong, non-local students must apply for a student visa from the Hong Kong Immigration Department. Once admission is confirmed, the college will assist applicants with submitting their applications to the Immigration Department. Applicants should mail all required documents, along with the original bank payment slip for the application fee, to the Programme Leader of their enrolled programme at Hong Kong College of Technology. Please mark "Visa Application" on the envelope.

The Hong Kong Immigration Department typically takes six weeks to process visa applications. To avoid delays and ensure timely arrival for registration, applicants are strongly advised to prepare and submit their visa documents well in advance. For detailed information, please refer to the "Guidebook for Entry for Study in Hong Kong" issued by the Hong Kong Immigration Department or contact them directly for any enquiries.

住宿安排 Accommodation Arrangement

学校暂不提供宿位。学生抵港前，需预先自行安排住宿事宜。学校可提供相关信息（如联络方法、位置等）协助学生寻找合适住所。

Accommodation is currently not available on campus. Students are required to arrange their own accommodation before arriving in Hong Kong. The College can provide relevant information (e.g., contact details, locations, etc.) to assist students in finding suitable accommodation.

授课语言 Medium of Instruction

港专各个课程会因应学科及相关专业性性质，而采用英文或中文教学。如以英文为主要教学语言的课程或学科，课堂笔记、教材及考试均使用英文，上课时老师主要以英语及广东话进行教学，协助同学明白内容。

在香港生活用语基本以广东话为主。对于未能在短时间适应英文教学的同学，校内专业英文老师及语言中心可协助同学尽快适应。如申请人需要学习广东话，学校亦可协助安排师兄师姐提供个别辅导。

HKCT's programmes adopt English or Chinese as the medium of instruction, depending on the subject matter and professional requirements of each programme. All lecture notes, teaching materials, and examinations are in English for programmes or subjects primarily taught in English. During classes, lecturers primarily use English and Cantonese to ensure students fully comprehend the content.

In Hong Kong, Cantonese is the primary language for daily communication. For students who need time to adapt to English-medium instruction, the college provides professional English teachers and a Language Center to help them adjust more quickly. For applicants who are interested in learning Cantonese, the college can arrange peer tutoring from senior students.
